EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Donald Hanson on November 28, 2005.

The application has been amended as follows:

Amend the claims as follows:

Cancel non-elected claims 1-11 and 32-33.

In claims 13 and 29, delete phrase "continuously and" in the third from last line to read "valve so as to ~~continuously and~~ simultaneously discharge an adjusted amount..."

2. The following is an examiner's statement of reasons for allowance: The prior art of record does not disclose an apparatus in which a controller is programmed to simultaneously operate multiple valves to simultaneously discharge gas and chemical solution as claimed. See also applicant's remarks and reasons indicated in previous Office actions.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
